

## **USE OF LNG TERMINALS - YEAR 2014 TARIFFS**

- **Year 2014 tariffs for the use of LNG terminals approved**
- **2012 year end RAB: €108 million**
- **WACC set equal to 7.3% real pre-tax**

*San Donato Milanese, December 20, 2013* – Through resolution n. 604/2013/R/gas, the Regulatory Authority for Electricity and Gas has approved the use of LNG terminal tariffs for year 2014.

Tariffs have been set based on reference revenue of €27.6 million.

Actual revenue for the year 2014 will take into account the contractual capacity. The guarantee factor for covering revenue is set at 64% of reference revenue.

RAB at 31 December 2012 for the use of LNG terminal has been set at €108 million.

WACC for the re-gasification activity has been set equal to 7.3% real pre-tax.

The resolution n. 604/2013/R/gas is available at the website of the Regulatory Authority for Electricity and Gas [www.autorita.energia.it](http://www.autorita.energia.it).
